

2024

# Welcome Back to Spring: CSC Workshop

Kiley Matschke (CSC Postbacc Fellow)  
Nica Genestin (CSC Coordinator)

# Introduction

Brief overview of the CSC, who we are, and  
what we have planned for today!

# Coding Games

Let's dive into some fun activities centered  
around Python!

# Scratch

01

## Link to game

- ★ Level: Beginner
- ★ Learn how to think in a code-oriented way by experimenting with cause and effect through animation and pre-made “code” blocks

# Codesters

02

## Link to game

- ★ Level: Beginner - Intermediate
- ★ Create your own basketball game following the game template and prompts (similar to Scratch but uses accurate syntax)!

# Py.Checkio

03

## Link to game

- ★ Level: Beginner - Advanced
- ★ A tutorial and resource for coding in Python; learn definitions and try out programming prompts on your own

# Coding Challenge (+ prizes!)

Take a short quiz for the chance to win a CSC crewneck, a tote bag, or laptop camera covers!

# Coding Quiz (scan QR code)
